

2025 Events & Experiences Fund Program Guide

Vancouver Island North Tourism

1) Program Overview

The Events & Experiences Fund is a new fund that will be offered as a pilot program for 2025, funded through MRDT collected in the region. The purpose of this fund is to enhance experiences and events that attract visitors to the Vancouver Island North Region, to increase the length of stay, and to encourage shoulder season travel.

To qualify for funding, events and experiences must attract visitors from outside of the Vancouver Island North Region to increase tourism visitation and spending by generating overnight stays within Vancouver Island North (Regional District of Mount Waddington Electoral Areas A, B, C, & D and the Village of Port Alice, District of Port Hardy, Town of Port McNeill and the Village of Alert Bay). Events must be listed on the MyVancouverIslandNorth.ca events calendar. Funding may be used in conjunction with the Regional District of Mount Waddington Tourism Action Grant. Events that take place in the off-peak season (Spring, Fall, Winter) will be given preference to Peak season events to align with Vancouver Island North's goals of seasonal dispersion.

Vancouver Island North Tourism encourages events and experiences that foster interest from new product sectors and new visitor demographics.

Vancouver Island North is a Biosphere Committed Destination and is interested in supporting events and experiences that incorporate sustainable practices to align with one or more of the United Nations Sustainable Development Goals. Vancouver Island North also has a strong interest in supporting events and experiences that engage with local Indigenous culture and foster truth and reconciliation.

The Events & Experiences Fund will leverage VINT marketing funds collected from the Municipal and Regional District Tax (MRDT) to:

- Increase overnight visitation, length of stay, and repeat trips to the Vancouver Island North Region;
- Increase the economic and social benefits that flow from tourism to residents of

the Vancouver Island North Region;

- Drive seasonal dispersion through the off-peak seasons (Fall, Winter, Spring);
- Position Vancouver Island North as a preferred multi-night tourism destination;
- Ensure that tourism makes meaningful Vancouver Island North contributions to the social, cultural, and environmental well-being of the Region; and
- Encourage collaboration and partnerships to enhance the visitor experience.
